

Call for Abstracts

Attendees who wish to present their work as a talk or a poster are requested to submit a summary via electronic mail. Please send your abstract to ecs2013@umons.ac.be in PDF or Word format (1 page maximum) before **March 31, 2013**.

(Please download the template at the ECS web site: <http://www.european-coating-symposium.eu/ecs2013.html>)

The ECS Scientific Committee will review and select papers for talks and posters.

After acceptance of the abstract you will be asked to submit an extended abstract (3 pages max.) before **June 30, 2013**.

Registration

Online registration will be available soon at <http://www.european-coating-symposium.eu/>

Deadline for early-bird registration is **May 31, 2013**.

ECS-Short Course

A Short Course will be organized prior to the conference. Separate information will be sent in January 2013.

Supported by ISCST 2012 Chair:

Prof. Marcio Cavalho

Pontificia Universidade Catolica do Rio de Janeiro, Brazil

10th European Coating Symposium

September 11-13, 2013
Mons, Belgium

First announcement

10th European Coating Symposium

Since 1993 researchers from both academia and industry have been getting together at the European Coating Symposium to discuss advances in liquid film coating science and related processes. The ECS Symposium is held biennially in rotation with the International Symposium of Coating Science and Technology (ISCST).

ECS 2013, will be organized by the Laboratory of Surface and Interfacial Physics (LPSI), University of Mons. The meeting, held for the second time in Belgium, aims to bring together researchers and specialists from different horizons such as industry, research institutes, and academia. The Symposium will provide an interesting opportunity to discuss recent advances in liquid film coating science and related process.

Topics

- *Organic and Printed Electronics*
- *Mass Transfer in Thin Films and Membranes*
- *Rheology of Complex Fluids*
- *Contact Line and Wetting Dynamics*
- *Diffusion and Thermodynamics*
- *Self-assembly of Complex Fluids*
- *Fluid Dynamics with Interfaces*
- *Micro- and Nano-Scale Film Structures*
- *Multilayer Liquid Film Coating*
- *Bioactive Films and Sensors*
- *Functional Films and Surfaces*
- *Liquid and surface engineering*
- *Film Drying and Curing*
- *Smart and nano coatings*
- *Polymer coatings*
- *Advances in coating process techniques*
- *Hard and superhard coatings*
- *Thin film coatings for energy technologies and electronics*

Fees

Symposium Registration Fee	before May 31, 2013	after May 31, 2013
Symposium Registration	€ 700,-	€ 900,-
